**Get cool with crafting at Corks 'n Crafts.**

Altering a piece of wood, molding string into a statement, or braiding chord into art is what the love of crafting is all about. Corks 'n Crafts ([CORKSN Crafts.COM](http://CORKSN Crafts.COM)) at Downtown Summerlin takes the summer camp, art class, or scouting experience and transforms it into a fun, hands-on project in an upscale, industrial workshop environment.

A delicious menu, craft beers, Veuve Clicquot bubbles, and fine wines are combined with woodworking, macramé, seasonal décor, jewelry making, string art, fabric dyeing, and décor boards.

Owner Alainah Paul (along with her husband) opened their first brick-and-mortar flagship location because "We felt Las Vegas needed new experiences including choices for a night out." The mother of two young children, she still wanted to socialize with her friends while doing something fun. Her love for crafting translates into a delight for adults, couples, children, and families. Experts and beginners improve and embellish during guided master classes. For those living "on demand," drop-in to express your artistry. It is the perfect opportunity to learn how to use a drill, hammer a nail, and become a DIYer. Create unique décor, redefine wedding reception decorations, build a game and play it, or find common materials for team building. Crafts add that personal touch.
